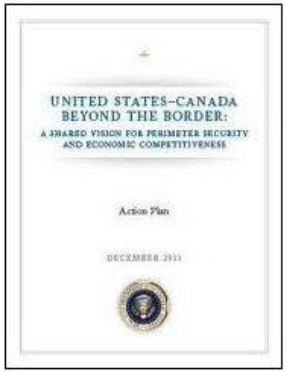
Security/Economic Competiveness

Integrated Multi-modal Roadmap for Border Clearance



2011 Beyond the Border

Key Accomplishments:

- LMRA – *Negotiated an expanded Preclearance Agreement.*
- Pilots – *Cargo pre-inspection pilots at land borders; Known employer pilot for business travel and cross border work*
- Data Sharing –*Sharing of each country's 'No-Fly' lists; Visa and Immigration information sharing.*
- Entry Exit – *Joint entry/exit initiative sharing entry/exit movements at land borders (planned expansion 2018)*
- ESTA/eETA/IAPI – *Development and use of interactive and electronic travel authorization systems*
- Law Enforcement – *Joint cross border law enforcement improvements and mutual recognition of security processes*

U.S./Canada Were Moving Towards BtB 2.0….

…but, Attention Is Focused Elsewhere

YVR VANCOUVER INTERNATIONAL AIRPORT
Beyond, Every Day.

A New Perimeter Vision Needed

- Strengthening Border Security:
  - Pre-Border, at Perimeter and at Shared Border
- Process Convergence & Risk Management:
  - “Free” movement of pre-screened travelers and goods
  - Expedited Movement for Low Risk travelers and goods
  - More Integrated Processing: inter-agency, between governments and with industry partners using information technology & Biometrics
- Greater economic prosperity & competitiveness
- Maintaining Sovereignty & Privacy Policies

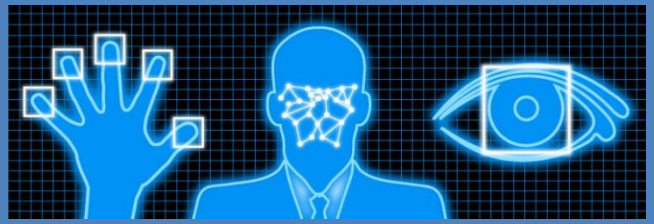
What's Missing in Perimeter?



Common approach on biometrics and information sharing

Emerging technologies

Facilitating new trade capabilities and Five-Eye Cooperation

IAPI – AQQ
NEXUS – GE – Precheck – NEXUS Lane
FAST/CTPAT/PIP
Green Lane
eTA/ESTA/EVUS/Visas

Full coordination of programs

Kickstarting the Process

- Establish a Steering Committee
- Create a Bi-National Coalition of Sponsors
- Develop a New Perimeter Vision White Paper
  - Input from sponsors, other industry stakeholders and government security and border agencies
- Move the Agenda:
  - Government Advocacy
  - Conference Presentations & Discussions
  - Forums for Dialogue
